WALL CABINET SPEC'S

DESIGN AND MATERIALS

The box construction of all wall cabinets will be the same.

- 1-1/2" solid wood face frame with a unique semi dovetail joinery that locks the side panel with the face frame. All other joinery is via dadoes which interlock the components. All assembly is by pin and glue.
- 1/2" furniture grade plywood with select birch wood veneer on both the interior and exterior, which is used for the top, bottom, and sides.
- Interiors are natural Birch veneers UV clear coated with exterior sides finished to match finish color of doors with called out skin.
- 1/2" framed panel with a 1/4" panel which dadoes into the side panel with 1/2" inset from the back.
- 3/4" adjustable engineered wood shelf, finished with Birch wood veneer top and bottom edge banded on the front leading edge.
- All hinges are 6-way adjustable and have an internal soft close mechanism on each hinge.
